## EDITORIAL

*The CCNZ Year Book has been produced each year since the first edition in 1958. There are some differences in this year's edition. Hard-back covers have gone because of the cost and the arrangement of the contents may be different from what is expected. This Year Book endeavours to reflect "The School." Not only the Students, Staff and Faculty who come and go but "The School" itself. The physical plant is always here but in it and around it is the indefinable abstraction that the past and present have evolved and which the future will further mould.*

*In 20 years the present student body will not be able to identify the chair, the desk, the bed or even the classroom that shared their trials, successes and tribulations because all of these will have changed, sometimes beyond recognition. "The School" itself will grow to enfold this change. The new paint, new roofs, new carpets, new classrooms, new offices will become comfortably aged and then make way for new ideas and new arrangements of the furniture. This year's Year Book endeavours to freeze this continuous movement at a moment in time.*

*These faces were here this year  
These buildings were here this year  
These ideas and activities lived this year.*

*Next year another pen will write another page to expand the continuing story of the life of "The School." The difference in even these two pages will be measurable. Progress is continuous and change is always present.*

Dear Fellow Students,

It seems only yesterday that Elder Neal Maxwell, a member of the First Quorum of Seventy, said to the Student Body, "It is the dawning of a new age for the Church in New Zealand and part of that momentum and forward motion will come from the training that hundreds like you have received and are receiving and will receive at the Church College of New Zealand . . . I would like to say to you in all the seriousness of my soul that as marvellous as the memories of past achievements of the Church in New Zealand are, they are going to be dwarfed by the achievements of your age group in the Church in the years ahead." Since that time everything we have endeavoured to do with you has been directed towards meeting that great challenge.

Many of the things we say to you we repeat over and over again but if you reflect upon why that is so, you will see that the dangers that lie on either side of the straight and narrow path remain the same from generation to generation. The advice we give to you is coming as a result of our being further along the pathway of life and thus being more familiar with the dangers that lie in wait for you.

As members of the Administration and Faculty we are not able to offer you a different or more glamorous route that will take you through life and eventually back to the presence of our Heavenly Father. The route remains the same for you as it was for your parents. As a result the encouragement and the warnings we give you must often be repeated, but because this is so, it does not make such counsel any less important or true. It is repeated because some individuals are not ready to receive it the first time it is given. Have you ever had the experience of reading in the scriptures a passage you have seen many times before and which has held no particular importance to you? Sometime later on, when reading it, it seems to say something that you were never aware of before. It comes alive. That particular truth has always been there but now you are ready to receive it.

Fortunately at Church College the Lord has given you teachers and staff who continue to make available to you many precious truths that you are yet to discover, to understand, to accept, and to apply in your lives. He has also made this possible through his Church, through prayer and through wise parents. President Spencer W. Kimball has said "We need repetition in order to match our readiness to receive." Therefore if we seem to become repetitious with our counsel be patient, because something that may bore you today may edify you tomorrow. Something that may confuse you today may touch your heart next year. Something that you may reject today may be advice you give to a friend next week. Something that may sound old-fashioned today you may recognise as an eternal truth next month.

# MISSIONARY TRAINING SCHOOLS

In November 1977 the first Missionary Training School was held in Temple View. Elders and Sisters from all over the Pacific have come to succeeding schools for intensive training prior to departing for their missions. We list the names of the ex-students who have attended these schools. The additional list shows the names of those who have attended the Mission Training School in Provo prior to serving in either North America or Europe.

#### TEMPLE VIEW

#### DAWN

*The sprinkled stars and velvet night fade out,  
Street lights wink and are not,  
Fumbling fingers wake the sleeping lamp  
Gummed eyes and stretching limbs, the day is nigh  
In the East and before the sun, aloft the Temple Spire.*

#### NOON

*Half gone the day, vaulted the fiery orb  
Grazing cattle listless now; sheep, their lambs  
Snugged close, crowd the lessened shade.  
Rowdy student, bustling wife, breathless husband repast.  
In the North beneath the sun the soaring Temple Spire.*

#### EVEN

*Toiling hours are past for some, night owls labour on.  
The Lord's work in varied form achieved  
In halo'd hall, passed mirrored wall,  
And conclave groupings large and small.  
In the West above the sun the glorious Temple Spire.*

#### NIGHT

*So on comes velvet's soft embrace  
All action stilled ere long.  
The children of on High retire, another day has gone.  
And in the South in lighted cloud, upon a hill enshrined  
The Temple of our God, its upward lifted Spire.*

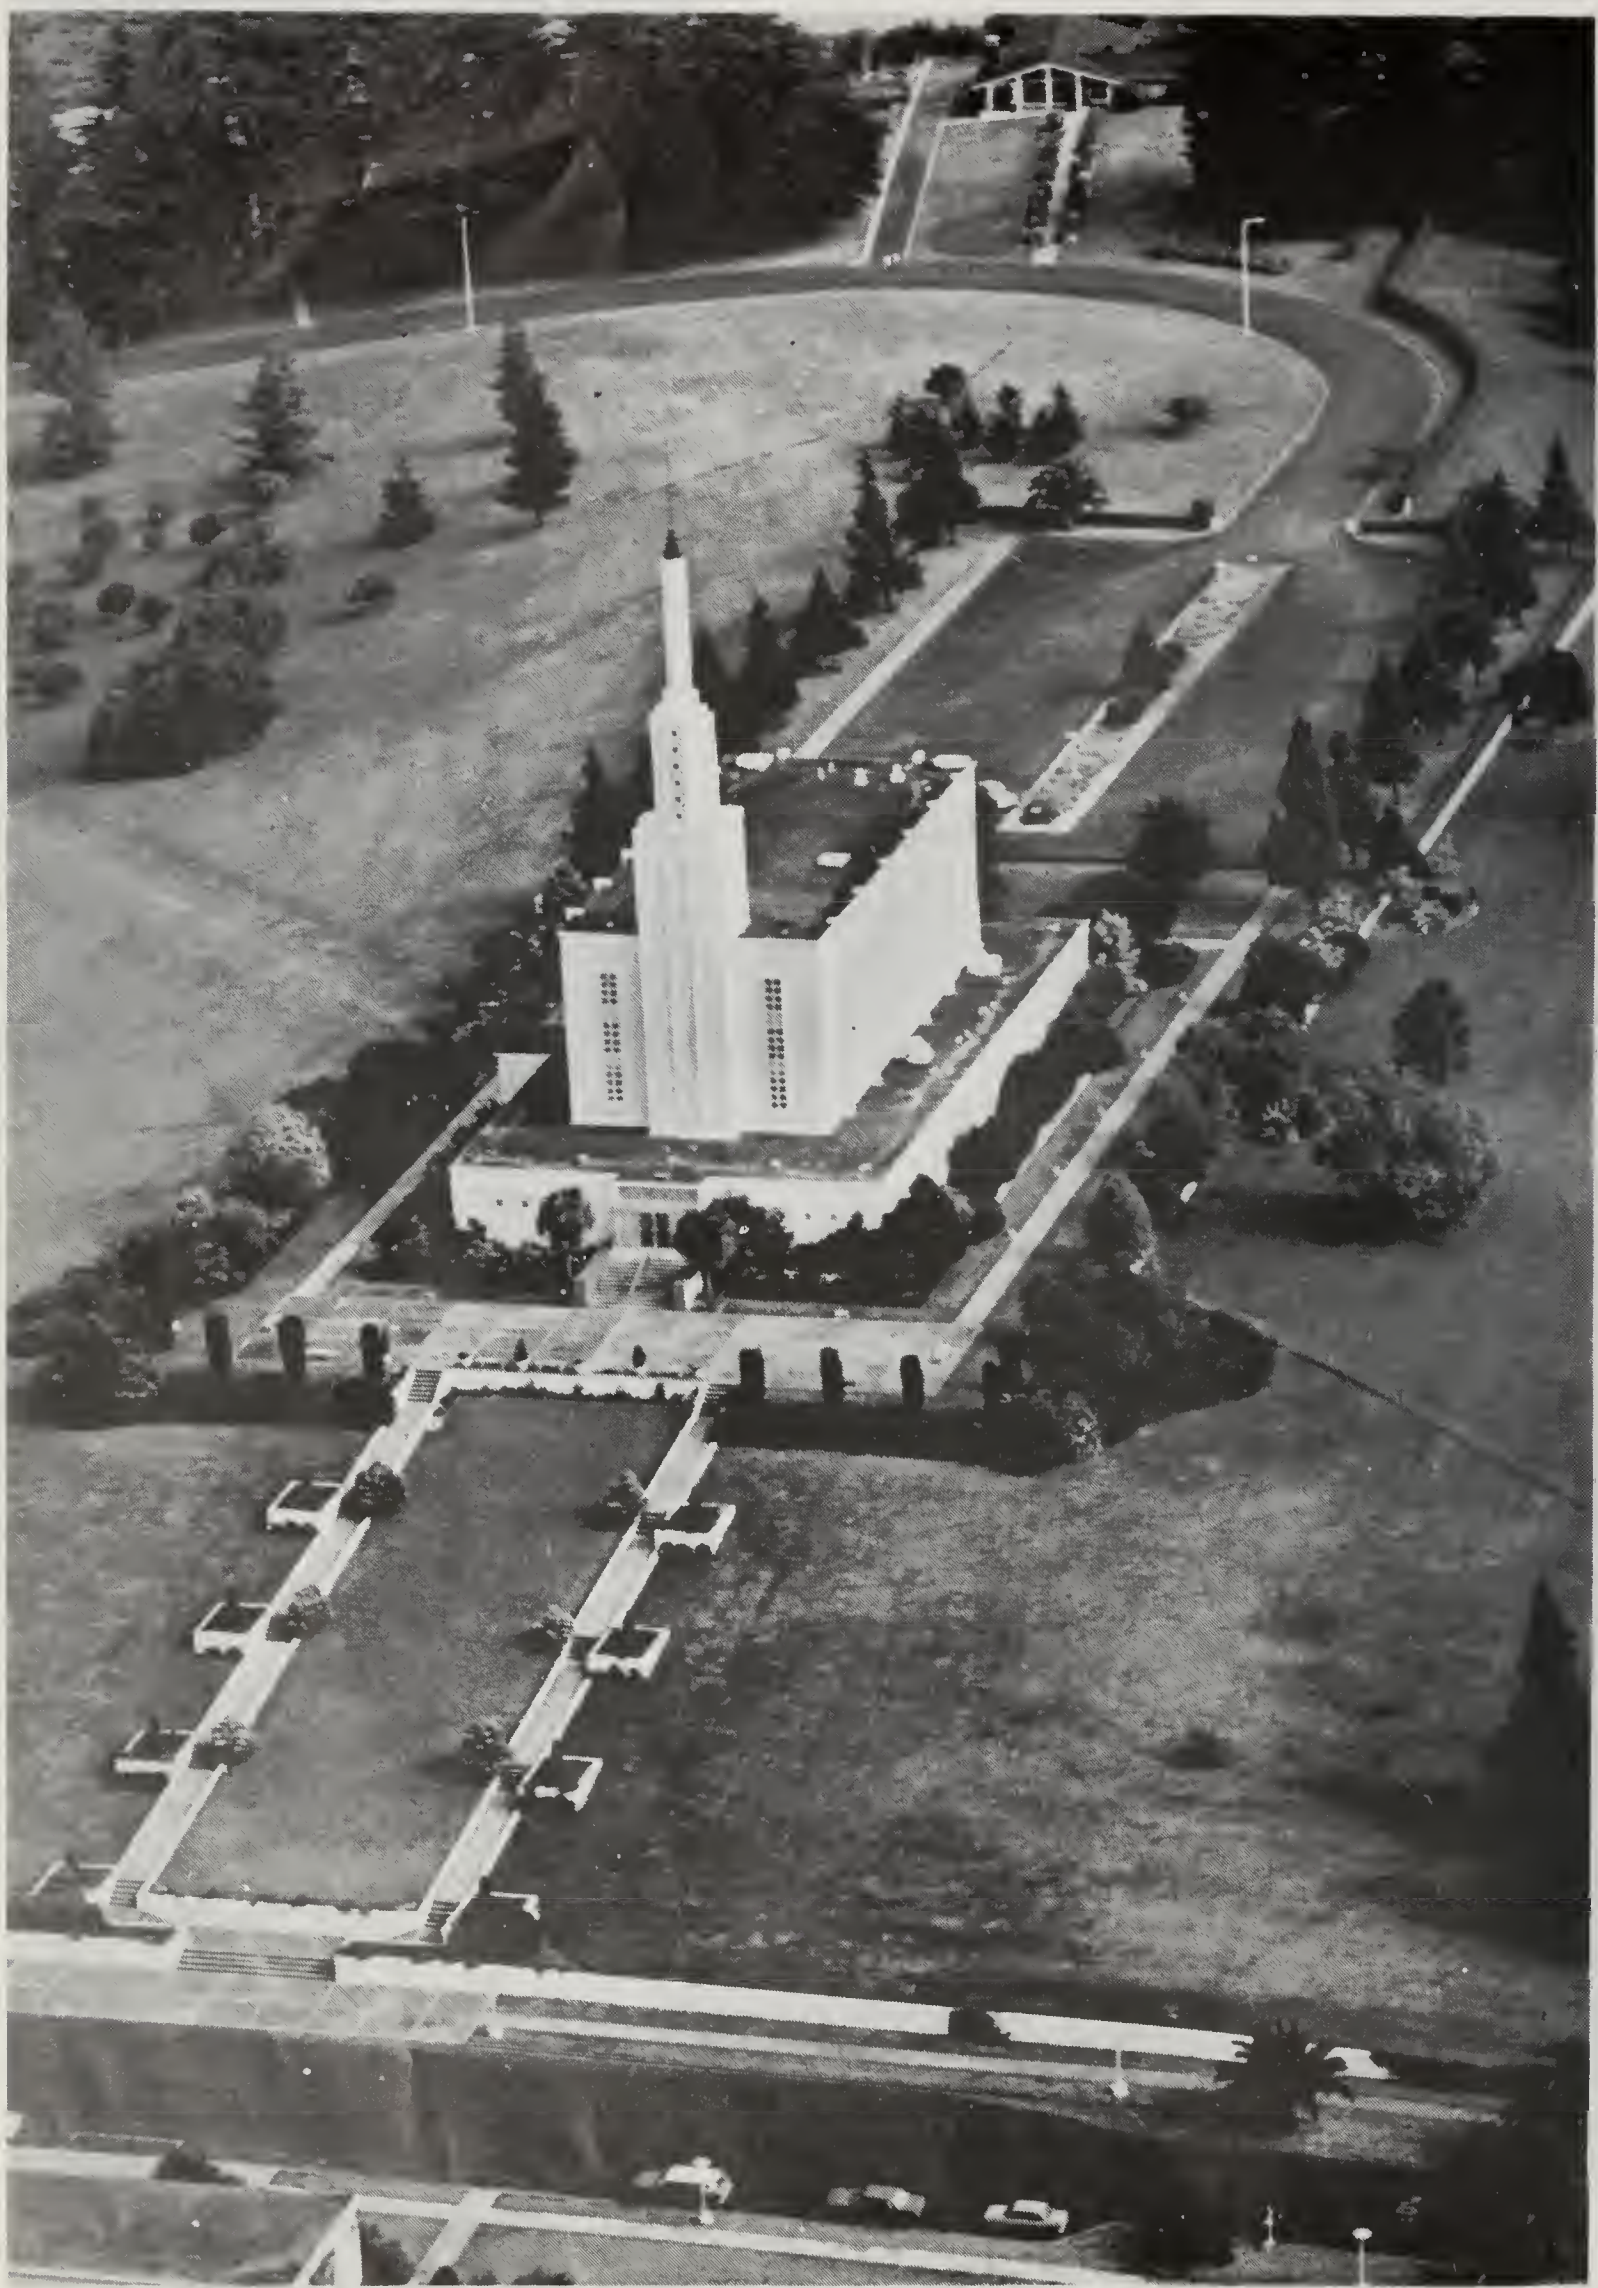

# TEMPLE MARRIAGES

Since the beginning of January and up to the 11 September the following ex-students were married in the New Zealand Temple. We know of others who were married in temples overseas but as we do not have a full accounting of these we have decided to present only those whose sealing took place in New Zealand.

# IN MEMORIAM

A teacher for 28 years, Ray spent the last four at CCNZ teaching Geography and Social Studies. Previous to that, he was supervisor of Junior Classes at Piopio DHS for nine years and has had many opportunities to see the fruit of his teaching years later as they approached him with, "Remember me, Mr Lee?"

Ray was first introduced to the Church by Bros Ray Parke and Bruce Judd (referred by Nancy Bender) while teaching at Frankton Primary where we first met and later married.

His Church service was quiet but faithful for eighteen years. Fourteen of those spent serving in a Branch Presidency or Bishopric. Almost immediately after baptism, he was called as a teacher to the Investigators' Class, then as a Stake Missionary.

Few things could arouse his blood like sport — any sport, but perhaps cricket was his first love with rugby a close second. He also coached netball at provincial level.

As a father and husband, Ray was always patient and totally devoted. He occasionally committed sin of omission but never . . .

In the nineteen years I knew him, I never heard him lie or swear, and only twice lose his temper. He heard his first argument while boarding away from home aged nineteen.

He lived the Beatitudes and preached UNCONDITIONAL LOVE, i.e. parents should love each other and their children, continually, totally, giving lasting family security and support.

We thank his parents for giving him these things and through him, to us.

OH JILL!!

## SEVEN QUALITIES OF AN EDUCATED PERSON

He places **ideas** over power.

He places **aesthetic and spiritual values** above material possessions and sensual desires.

He has the ability to see the other person's **point of view** and both (or several) sides of a question.

He has the ability to disagree **pleasantly**.

He has the ability to **like and get value** from things with which he disagrees.

The educated person gets **angry over the right things**.

The educated person is **concerned and cares**, really cares, about what happens to people other than just himself, his family and his immediate associates.

The quality of a person is measured by what **makes him angry**.

If lust makes him angry, he is an animal. Pity him, and teach him **self-control**.

If greed makes him angry, he is a child. Be patient with him, and teach him **unselfishness**.

If jealousy makes him angry, he is an adolescent. Comfort him and **encourage him** to achieve.

If hunger for revenge makes him angry, the hate of the savage still flows in his veins. Forgive him and teach him **love**.

If his own ignorance and **prejudice** makes him angry, he is a victim of environment. Be tolerant with him and feed him **knowledge**.

If the daily friction of personalities makes him angry, he is normal. Give him understanding, and **guide him** to understand others.

However, if unnecessary suffering makes him angry, he is a humanitarian. **Help him**.

If injustice among nations makes him angry, he is a statesman. **Follow him**.

If injustice among people makes him angry, he is a champion of principle. Stand **firm by his side**.

If the sins of the world make him angry, he is a prophet. **Heed his counsel**.

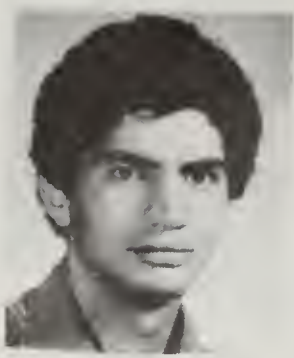

If the suppression of truth makes him angry, he is a scholar. **Respect him**.

If the suppression of thinking makes him angry, he is a teacher. **Honour him**, and be forever grateful.

## SATURDAY'S WARRIOR

What a splendid show "Saturday's Warrior" proved to be. Worth all the hours of seemingly endless rehearsals; worth all the hundreds of miles many people travelled to witness the youth of the College take part in one of the most ambitious musicals ever staged in the David O. McKay Auditorium.

While not literal doctrine of the Church, the story of Saturday's Warrior related so well to our belief in the Pre-Existence — our belief in a probationary period on earth — our belief in the hope of a reunion with loved ones in the hereafter, that the resulting empathy between audience and performers was immediate. From the first curtain, where we found Todd and Julie in the Pre-Existence, to the dramatic and stirring finale, scenes of excitement, laughter, sorrow and tears followed in quick succession. Most of the performers had little or no experience in singing, dancing or acting, yet for almost two and a half hours the audience was treated non-stop to beautiful emotive singing, exciting choreography, stirring choral work, and straight out comedy. Under the baton of Sister Shirley Ferguson the school orchestra provided an excellent and enthusiastic back-up to the production. Simple but effective staging and costuming, dramatic lighting and sound effects all contributed towards a musical that left the audience thrilled and inspired.

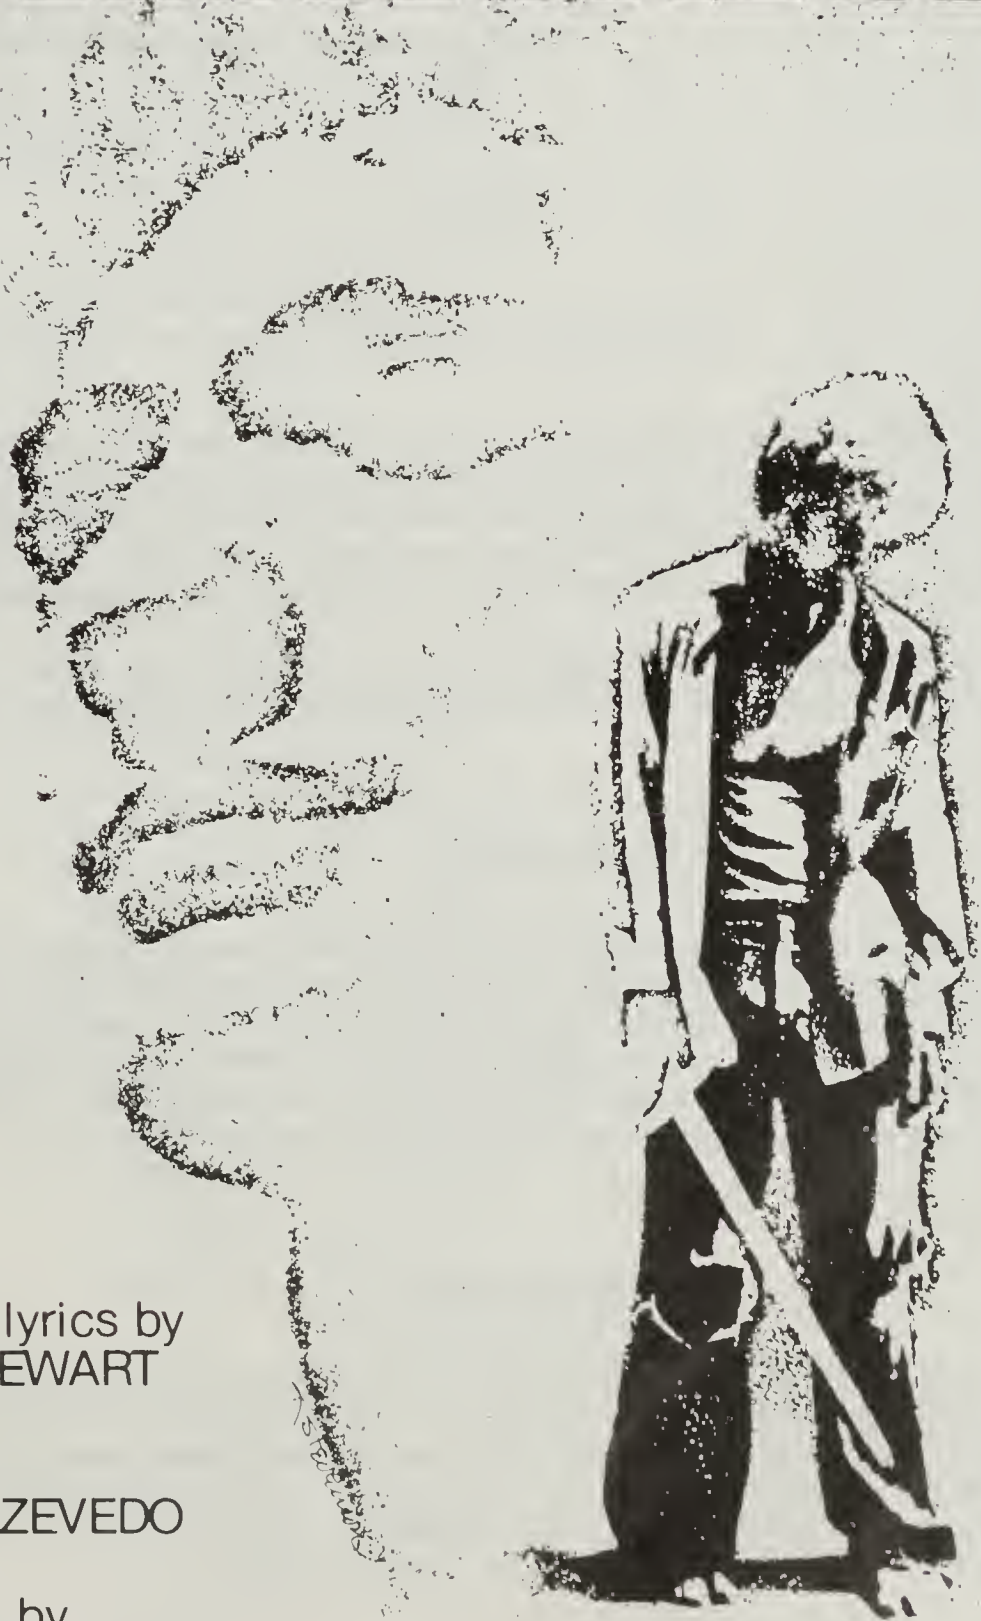

Dr. Wihongi assures us that more such productions are planned for the future. Stage experience and all its facets is an invaluable asset in the social growth of our youth and will be encouraged wherever possible. Students discovered talents they never knew they had and blossomed under the guidance and hard work of Musical Director Sister Shirley Ferguson, Choir Master Brother Ron Prows and Drama Coach Sister Marlene MacDonald and many 'behind the scene' helpers. In charge of Sound was Brother Barry Mitchell; Lighting, Brother Tovey; Costumes, Sister Paerata; and Scenery, Sister Lamia Hooper. The Producer of the show was Sister Elaine Bush. Special mention should be made of the pianists who made such a valuable contribution to the production.

To single out any one performance would be impossible; all gave of their very best; both cast and audience being caught up in the magic of "Saturday's Warrior."

# SATURDAY'S WARRIOR

book and lyrics by  
DOUG STEWART

music by  
LEX DE AZEVEDO

Presented by  
THE CHURCH COLLEGE OF NEW ZEALAND

August 1979

*"Our birth is but a sleep and a forgetting;  
The soul that rises with us, our life's star,  
Hath had elsewhere its setting,  
And cometh from afar:  
Not in entire forgetfulness,  
And not in utter nakedness,  
But trailing clouds of glory do we come  
From God, who is our home."*

William Wordsworth

## Life Before Birth

**William Wordsworth's** eloquent expression concerning a pre-mortal life has been voiced by philosophers and poets through the ages, and finds its origin in Holy Scripture. There is a belief that each member of the human race, before entering this life, lived in the presence of God. In addition, there is a belief that man is the literal offspring of God and that we, his spiritual children, were sent to earth to be tested. "Saturday's Warrior" romanticizes the belief in a pre-existence, the promises that are made there and the resulting mixups that occur in earthlife.

It should be understood that the play's representation of pre-mortal life reflects the feelings of the author, combined with artistic license, and should not be interpreted as literal doctrine of The Church of Jesus Christ of Latter-day Saints.

## The Author

**Doug Stewart** is best known for writing the screenplay for the award-winning motion picture, "Where the Red Fern Grows". Other movie scripts to his credit are, "Seven Alone" and "Against A Crooked Sky" — a new feature film released in the latter part of 1975. Doug has also authored many films for the BYU Motion Picture Studio, including "The Lost Manuscript". His first stage play, "A Day, A Night & A Day" (Book of Mormon drama), continues to be popular, receiving numerous productions each year. Doug's latest collaborative effort with composer Lex de Azevedo has produced a new musical entitled "Morning Watch".

## The Composer

**Lex de Azevedo** has written, arranged and conducted music for top television shows including "The King Family", "The Sonny and Cher Comedy Hour", "Sonny Bono Show", and specials for The King Family, The Jackson Five and Robert Young. He has composed the musical scores for several major motion pictures, among them: "Where the Red Fern Grows" and "The Lost Manuscript". Latter-day Saint audiences will also remember Lex for his music in "The Order is Love". "Morning Watch", the second musical to come from the combined talents of Lex and Doug, had its first production in the fall of 1975.

*Who are these children coming down, coming down,  
Like gentle rain through darkened skies,  
With glory trailing from their feet as they go,  
And endless promise in their eyes?*

*When he was just a little boy,  
Things were different then,  
With eyes of trust, he looked to us  
To lead the way.  
Always bringing us his fears,  
We could laugh away his tears;  
But things were different then,  
When he was just a little boy.*

*Everyday the food supply is shrinking away!  
With starvation at our door, what can we do?  
Licensing of children is the answer, my friend.  
Without it the rest of us are through!*

*Friends are like eggs and roses, you know,  
They come in dozens, too,  
And when the boy you love is gone,  
A friend can comfort you.*

# DANCE FEST 1979

On Saturday, 30th of June, at 7.30 p.m., 112 C.C.N.Z. students, representing the four school houses put on the most fantastic show of all time, commonly known as Dance Fest.

A big crowd was gathering and the parking lot outside the cafeteria was full. Ushers at the door asked a 50 cent entry fee which was to be donated to Telethon.

The audience was excited and waiting patiently. The nervousness was felt by all, but mainly by the performers.

Waiting in the wings for your chance to be in the limelight, gave you the chance to reflect over the past few weeks, of auditions, practices and blisters. But, on the night, all the practices would pay off.

The excitement began to build up as the waltz participants from each house made their way on to the floor. Each section, the waltz, disco and samba, would have to perform their event twice for the judges. After which, the judges could tally up their marks, while everyone else relaxed and danced.

As each house put on their floorshow, you could feel the excitement in the atmosphere, and the audience really showed they were enjoying themselves when they gave Lions house floorshow a standing ovation.

Before the results were announced, two of our guest judges gave us a taste of professional dancing, and even had to do an encore.

The winners of the waltz, samba and disco were required to go out onto the floor and show us their winning number.

Overall results are as follows:\*

	Waltz	Disco	Samba	Floorshow
Tigers	35	20	40	8
Lions	32	55	21	4
Phoenix	30	32	23	12
Condors	47	37	45	16

Total points for the night:\*

Tigers	1st	123
Lions	2nd	126
Phoenix	3rd	142
Condors	4th	185

(\*The least number of points being the first placing)

# FAA SAMOA

Four C.C.N.Z. departments were invited to send a representative to the Church College of Western Samoa to help C.C.W.S. with their Curriculum Development. Language — Kelly Harris, Head of Department; Mathematics — John Bailey, Head of Department; Science — Lloyd Keung, Head of Department; and Social Studies — Bruce Judd representing the Head of Department were eventually ready to go. After being through the rather different experience of flying on an airline that practises the “bumped” technique, all four C.C.N.Z. teachers eventually started work at C.C.W.S. and during the two weeks 1 August - 1 September carried out the assignment.

Three of us had been to B.Y.U. Hawaii and already knew many of the people in Paesanga. The C.E.S. Director of Western Samoa, Bro. Larry Oler, was well known to us all. The working atmosphere was friendly and relaxed, the hospitality was superb and it was a rewarding experience for all concerned.

C.C.W.S. was still having classes, so our working time was 3 - 7 most days, 3 - 5 Mondays and 8 - 5 Saturdays. We had two days touring both Savai and Upolu and had the opportunity to meet and talk with many people.

Three things stand out in our minds. The “bumped” technique which provided us with a very unusual experience, the C.C.W.S. atmosphere and the Church in Samoa. The airline practices a system of booking which goes like this. 1. Sell 20 seats more than you have space for take the first plane load of people who turn up and “bump” the rest. All four of us were bumped but two eventually got seats and flew away. The other two came the next day via Pago Pago.

When they arrived in Apia an Air Nauru flight was preparing to take off for Nauru. It took off 5 minutes early leaving one of its two passengers in the Apia customs office. This man was a Taiwanese fishing boat captain on his way from Pago Pago to Taipei to a new assignment. He spoke only Mandarin Chinese, but looked lonely and confused so he was collected under the wings of the late comers and shared our accommodation until the next Air Nauru flight seven days later. Mr Lee arrived late on Saturday night. On Sunday at 7.30 he was sitting in the Priesthood meeting of the Paesanga 5th Ward and later Sunday School and Sacrament meetings. Throughout the next week we prayed, sang, ate, toured, dined, and lived together. Sign language and the Spirit communicated but for all that I am sure he was, at least in the beginning, a very confused fisherman. We missed him when he went on the next flight which was two hours late.

C.C.W.S. is a Church School but much of the teaching is done in Samoan and some of the teachers are non-members. They teach the same subjects as we do but in some areas with a special emphasis on the Pacific. Classrooms are well ventilated for coolness, uniforms for all boys and girls, jandals everywhere. We enjoyed the experience of a new atmosphere and way of life, and they enjoyed a different approach to our mutual responsibilities. More such visits in both directions are very much needed.

The Church in Samoa is the Church the world over. The same meeting schedule, testimony, teaching and Spirit. The two eldest Oler girls had been called to serve a proselyting mission in Samoa and spoke in the first Sacrament Meeting we attended. They were set apart the next week and then went into the Samoan Mission Training School for two weeks preparatory instruction.

All of these experiences were very spiritually and academically rewarding. We could live in Samoa.

## YEARBOOK REPORT

### A1 GIRLS

Our season started off with a victory which was very encouraging for the girls. Even though still a fresh new team -- like a young spring lamb -- we held great enthusiasm for our destination ahead.

Well, introduction time now begins: First up as always is our captain Roseanne Randell. Pretty good on layups and most noted for leading our team (even if it was the wrong way). Next I guess is the biggest . . . yes, you guessed it . . . Aleita Paea. Nice with her long shots and fun to have in the team. Runner up for this honour of biggest in the team is old wonderwoman herself, Iti Joyce. Iti played a great game as centre this season and has shown great improvement. (Watch out Dr 'J'). One of the latter members of our team is Leslie Tenwolde. Speed, skill and the one million dollar smile made Leslie's ball carrying a credit to the team. We also had Keriana along with us keeping up our number as a ball carrier. (Keep practising) Poison isn't the word to describe Ivy Tipene. It was more like deadly, as her season's position as forward was well played. (Great Rebounder) Next the other half of the A1 couple Geraldine Smiler. Geraldine came to us a bit raw at the start but through training has shown great prospect. Oh no, here she is the cracked pot of the team . . . Alverta Amaru. Cheered us up when we were down but when it came to Basketball she'd settle down -- (JAZZ). Last but not least is the ever dedicated Joanne Hemi. Always around when we needed her. Oh! we mustn't forget Karina. Even though she was sick much of the season when on the court Karina played to the best of her ability. Many thanks go out to our Number One Coach -- Sister Te Hira who took us through thick and thin this season and coached us well. All our respects go out to Bro. Panui, Bro. Te Hira, Bro. Hippolite, Bro. Hemi and Bro. N. Smith for all their time and assistance also.

All n' all we had a successful season, even though we fell sometimes, we got back up on our feet. Through your support, C.C.N.Z., and our determination we made it.

OPEN GRADE NETBALL TEAM

Place: Netball courts for majority of team (But Bio Lab for Tina Brons)

Commencing time of practices: 3.30 p.m. (sports priority)

Actual time of teams arrival: 4.15 p.m. (Mormon time)

Reason for existence: To be admitted into the sports banquet at the end of the year

Most noted for: Tracksuits that were still sitting when we stood.

The 1979 Netball season began with four old members and four new additions (until Anna found an excuse to pike out on the team) and our brand-new, straight from the box, loyal coach — Val!

**Tina Brons** (the bruiser) was mistaken for being the manager; for she was often absent from training sessions and thought to be away on business trips. But overall Tina always played a good game on Saturdays and was this year selected for the secondary school Rep. Team trials.

**Lizbeth Bormann** made some very good shots as goal shooter for the team and throughout the season displayed her natural ability at both the game and at defending herself against some of the big-mother goal keepers in the opposition, e.g. Makomako.

**Moana Sharrock** was a late edition filling in on our lost number. Moana adopted the position of goal keeper and also the habit of playing hard to get on Saturdays at the departure of the school van to Cobham Drive. Moana played a good game managing some very good interceptions.

**Wendy Crawford** was known for forgetting the plays and yelling out the combinations for the opposition to hear. Her position at centre showed that she can play good sturdy games and keep up the pace at both defending and attacking.

**Vernice Howe** the Rapanzel of the team was thought to have hidden weights in her shoes as she would always drag her feet and play 'Billy Busters' with her opposing partners. But overall the climax of the season was towards the end when her talent for Netball really shone out.

**Karen Lee** (vice captain) was the most superior of the team who always had her chauffeur (Charles Morton) bring the van to her doorstep every Saturday while the rest of the team were required to meet at the Rugby sheds. Karen always played a good solid game which got her into the Rep. trials this year also.

**Marie McCarthy** (captain) had strength that often overpowered her. She was so aggressive that she often waited until the opposition was on the ground before she removed her knee from their mouth. Good interceptions, aggression and a screwed on head was a blessing, as she was the member of our team who made it into the 1979 Waikato Secondary Schools Rep. Team.

**Sis. Tilden** very often made us go for runs to take our breath away and stop us from running, after the First XV jogged past. Val was a devoted coach who always pushed for team feeds.

Viva la Val!

The aims and goals of the C.C.N.Z. 1st XV this year were:

1. To uplift the name of C.C.N.Z. 1st XV Rugby in the field of sport;
2. To play the game in a true sportsmanlike and spiritual manner.
3. To be good missionaries and representatives of the Church.

As far as we as coaches were concerned, all of these "aims and goals" were achieved throughout our Rugby season. The team played well throughout every game they played.

The beginning of the season saw us defend the "Tricolour Trophy" successfully for 7 challenges from different schools within the Waikato Union, until we met Putaruru 1st XV. They won the game 17-10, and deservedly so. They played well and capitalized on our mistakes. "Watch out for next year." So the "Tricolour Trophy" left us.

C.C.N.Z. 1st XV played really well. Although the scoring was really close in most of our games, the win was well deserved, especially when we were playing for the Tricolour against St. Johns College. St. Johns pressed and pressed our boys but just couldn't penetrate our defence. The men of the day in that game was Nahi Paewai fullback and Richard McLean, covering play all day. The final score 6-3.

Every college competition game were hard fought, resulting in our losing only two inter-Waikato school games, namely - Putaruru (Tricolor) Ngaruawahia, as a result we were runners-up in the competition.

The 1st XV travelled through to the South Island playing three College games, losing to Nelson and St Andrews College and winning against Marlborough. A tremendous tour. Thanks to all concerned.

Other outside College fixtures, we lost to the following schools :

1. Opotiki Boys High
2. St Stephens Boys High
3. Te Aute Boys College

The team however was successful against Hastings Boys High.

I would say that the most memorable fixture that we played this year, was against Te Aute Boys College. We travelled to Hawkes Bay for this game. We were welcomed in the traditional Maori by Mr A. Riddell (principal) and the students. The local people of the Te Hauke Marae, where we were billeted, were equally as hospitable as were our hosts. The game was played in beautiful weather and the local supporters were wonderful. They barracked not only for th Te Auke team but also for our team.

The team also had success in some players achieving representative levels, namely:

Representing Waikato Secondary Schools:

1. G. Tenwolde
2. R. McLean
3. N. Paewai

Representing Waikato under 18 year old.

1. R. McLean

Representing Waikato Secondary School under 16 year old

1. K. Tukukino (capt.)
2. A. Daniels
3. S. Fitzgerald

North Island under 16 year old - S. Fitzgerald.

Incidentally this fixture was the curtain raiser to the New Zealand All Blacks vs. Argentina.

We are proud of those players that represented the School in these areas.

The Team was ably captained by Brandt Shortland, who kept the players together on and off the field, in good spirits. He led the team well, and was also supported by the players to the fullest. Once again thanks fellows for a successful Year.

A1 BOYS

The A1's of 1979 experienced a handful of mixed fortunes. A handful of which proved far too much to handle.

With the return of eight of 1978's A1's, the scene was set for a very successful season. As it turned out, things did not go according to plan. With two early season one point losses to Auckland's Boystown and arch rivals Auckland Grammar, things looked gloomy.

The string of losses did not end here. The Hamilton senior men's basketball league, although a good experience, proved to be a weekly obstacle.

As the season progressed, with dedication from all twelve team members and the help of early morning runs things picked up a little. Little would be fair comment, for with it came yet another string of losses. Another 1 point loss in a return match with Boystown, consecutive losses to Grammar, Panmure under 20s, plus little success in town although each game was encouraging.

As the nationals crept into sight, matters did not improve despite constant shake ups from Coach Hemi. Problems within the team crept in, with the loss of starting Centre Robert Nordstrom, we looked to be in a bad way. But this was not the case. With two new additions to the team in the form of Rich Crawford, and Howard Metekingi, renewed vigour came to the team. Phil and Jim adjusting in the centres, Leon's return to form along with the robust Conway at guard. They were ably supported by Helmut, Greg and Sid. With this, we went to the finals of the National Tournament that we did not win speaks a lot for Auckland Grammar who deserved their title. The final was a game where they found the basket and we didn't which sums it all up.

Full credit goes to our coach, who despite what anyone says did an outstanding job in getting us to the finals. Credit must also go to our manager, Steve Pollard, who did all and said nothing. Credit goes to all our loyal supporters who made it all worthwhile.

So in retrospect, the year turned out for us quite successful despite the ups and downs. In a year which can be called the year of Basketball at C.C.N.Z. with visits from South Dakota, the All-American small collages and the girls Mississippi All-Stars. 1979 for Church College has been quite a memorable one, a year where a lot of things could have happened but didn't. Never mind, we shall return.

# THE SOFTBALL TEAM

Hiding in the shadows, their light well hidden under the proverbial bushel we found

## THE SOFTBALL TEAM

This team has been an outstanding success. No wins, no losses, no games. No runs batted in, no players out, no strikes no balls, no uniforms, no field, no mention, no sport, no luck, no nonsense. In fact, NO.

They were drawn to play the GAME OF THE CENTURY

The “Soft Ball Team” vs the Disney Land Dolls.

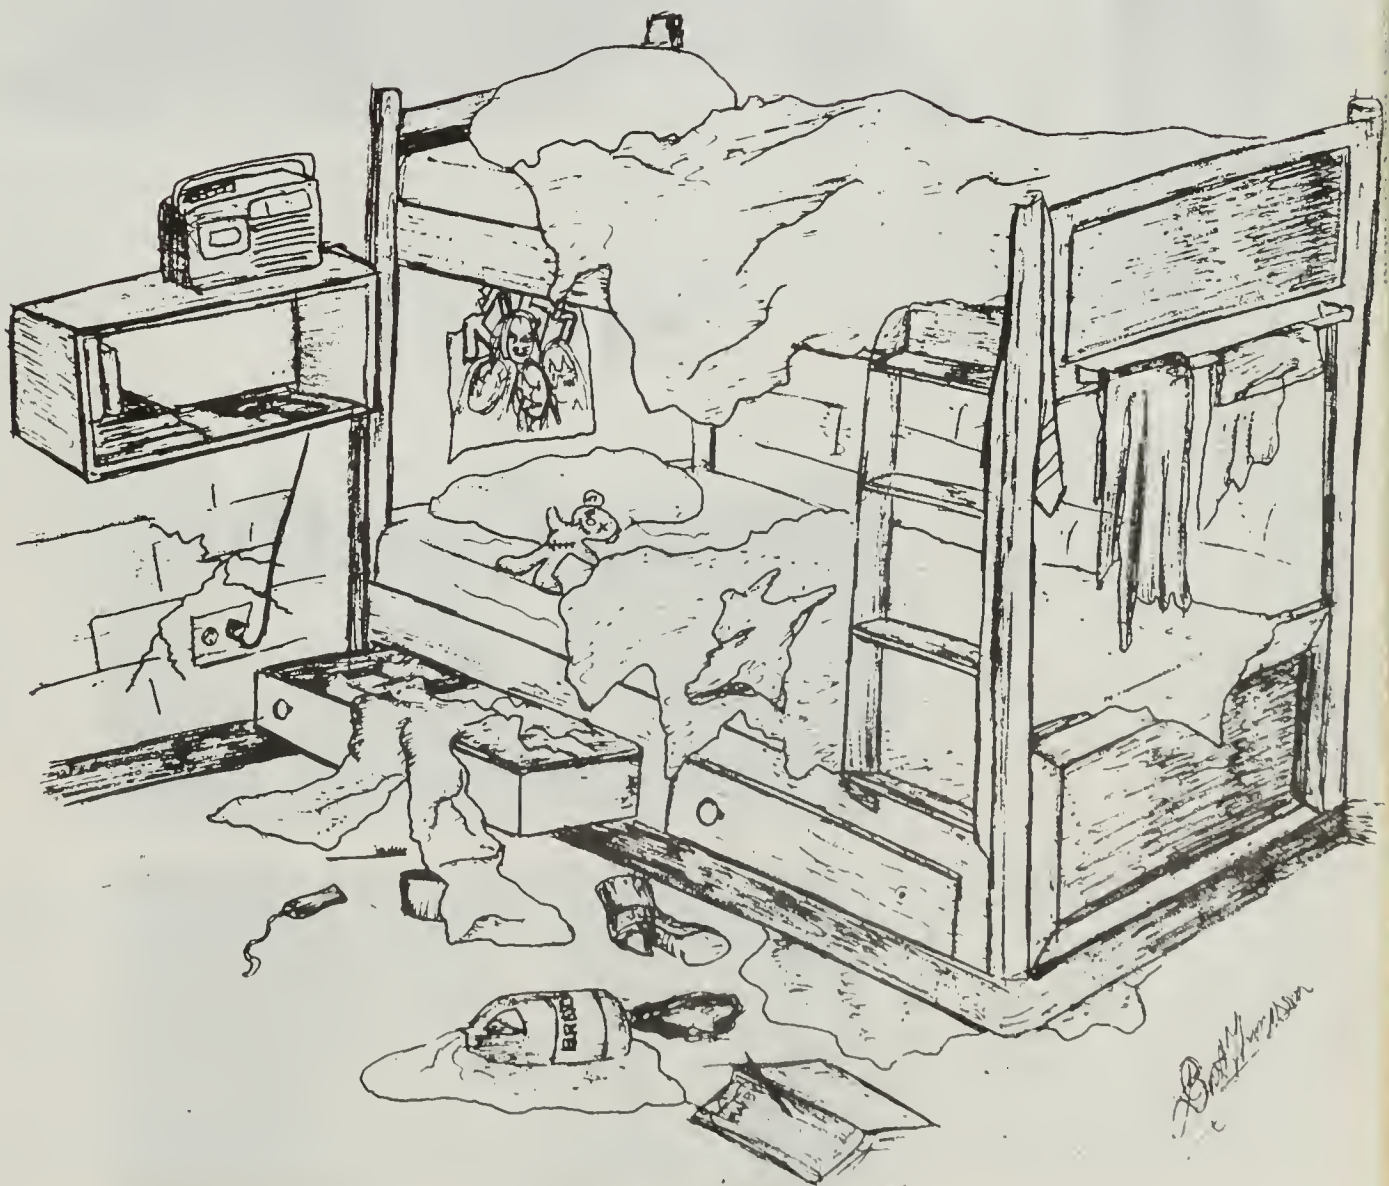

Manager Chase. “Girls, we must be ready to play the DLD on the eleventy eleventh of October at 2500 hours.” “HOORAY.” Coach Keung. “Lilly will pitch, Leanne short stop, Angry Philly 1st Base, Daring Debbie 2nd base, Jumpy Jewel 3rd Base, Toss up Toni will catch, Heavy Evey L.F. Muldoon Davies CF, and Marvellous Michele RF.

Night game. The floods came on and Lilly came out. 1st Pitch. A long droopy S . . . . . L . . . . . O . . . . . W . . . . . ball. It is still coming so the game goes on.

We will report the rest next year.
